5MS B2M PACKAGE CHANGES

PROCEDURE CONSULTATION

FIRST STAGE PARTICIPANT RESPONSE TEMPLATE

Participant: Powermetric Metering Pty Ltd

Submission Date: 18th February 2021

Table of Contents

1. Context

This template is to assist stakeholders in giving feedback about the changes detailed in the initial draft procedures associated with the 5MS B2M Package Changes consultation.

The changes being proposed are because of NER rule changes which have occurred requiring changes to AEMO's Retail Electricity Market Procedures and the following proposed changes by proponents and AEMO to implement recommended process improvements.

2. MSATS Procedures: CATS

Section	Description	Participant Comments
7.1.4(b)	Updated to include a new field "Proposed Change Date"	No comment
7.1.4(c)	Added a new requirement clause for the initiating FRMP	No comment

7. Other Issues Related to Consultation Subject Matter

Heading	Participant Comments
Are there better options to accommodate the change proposals which better achieve the required	Powermetric has no comments to make.

Heading	Participant Comments
objectives? What are the pros and cons of these options? How would they be implemented?	
What are the main challenges in adopting these proposed changes? How should these challenges be addressed?	The implementation date is unclear but assuming these changes will be required for 1 October then these changes will require addition IT resourcing at a time when IT software development is in high demand.
